

Health & Safety Policy Statement

Wernick Group companies are involved in the design, manufacture, refurbishment, installation, and hire of permanent and temporary modular buildings, associated construction activities, and the supply of temporary electrical power.

Directors are committed to meeting legal duties and other compliance obligations by providing safe and healthy working conditions and preventing work-related injury and ill health to employees and anyone who may be affected by our activities.

An Occupational Health and Safety (OH&S) Management System aligned with ISO 45001:2018 provides a framework for setting objectives to achieve continual improvement in the OH&S System and enhance performance through the Plan>Do>Check>Act process.

All Group companies will identify associated hazards and risks and systematically eliminate, reduce and control them so far as is reasonably practicable.

Adequate resources will be allocated to plan, manage, and monitor activities, to provide and maintain safe plant and equipment, and to ensure safe handling or use of substances.

Necessary information, instruction, and training will be provided to ensure staff are competent to undertake their work and to discharge their health and safety roles and responsibilities.

The Group acknowledges that people are our most important asset and will provide a mechanism for worker consultation and participation to achieve overall aims.

Emergency and first aid procedures will be maintained, and reported hazards, risks and accidents/incidents will be investigated and corrective actions taken.

Responsibility for the implementation of this policy rests with management teams, supported by the Group Health, Safety and Environmental Department.

This policy will be reviewed/revised annually, communicated to staff and made available to interested parties.

This Health and Safety Policy Statement and OH&S System applies to and will be utilised by all Wernick Group (Holdings) Ltd companies, namely:

S Wernick & Sons (Holdings) Ltd, Wernick Buildings Ltd, Wernick Construction Ltd, Wernick Hire Ltd, Wernick Event Hire Ltd, Wernick Refurbished Buildings Ltd, Wernick Power Solutions Ltd, Wernick AVDanzer Ltd and Portable Building Sales Ltd.
